## SOLARWORLD AMERICAS PRODUCT CERTIFICATION UPDATES

September 8, 2017 | Issue: 1042

SolarWorld Americas has separated our module UL and IEC certifications from SolarWorld AG and as part of this change our module names have been updated. Module item numbers will remain unchanged.

PREVIOUS NAME	UPDATED NAME
Sunmodule Plus SW xxx mono	Sunmodule Plus SWA xxx mono
Sunmodule Plus SW xxx mono black	Sunmodule Plus SWA xxx mono black
Sunmodule SW xxx XL mono	Sunmodule SWA xxx XL mono
Sunmodule Protect SW xxx mono	Sunmodule Protect SWA xxx mono
Sunmodule Bisun SW xxx duo	Sunmodule Bisun SWA xxx duo
Sunmodule Bisun SW xxx duo clear	Sunmodule Bisun SWA xxx duo clear
Sunmodule Bisun SW xxx XL duo	Sunmodule Bisun SWA xxx XL duo

### Datasheet and Certificate Updates

SolarWorld Americas continues to use CSA Group as our Nationally Recognized Testing Laboratory for our UL 1703 certifications and VDE for all IEC certifications. We will provide the previous and updated UL and IEC certificates on our web site at <https://www.solarworld-usa.com/technical-downloads/warranties-certifications> and will provide datasheets with the previous product names in the Retired Modules section of the web site.

### Order Confirmation and Invoice Description Updates

SolarWorld Americas is not updating module part numbers but will be updating the module description that is seen on order confirmations and invoices.

New description: Sunmodule Plus SWA xxx mono black.

### Module Label Updates

As part of this update the module power label placed on the back of the module has been updated with the new name; the frame label remains unchanged.
